

You're invited

SPLASH 2022

AUCKLAND, NEW ZEALAND
5 - 10 DECEMBER, 2022

ACM SIGPLAN

The ACM SIGPLAN conference on Systems, Programming, Languages, and Applications: Software for Humanity embraces all aspects of software construction and delivery, to make it the premier conference on the applications of programming languages - at the intersection of programming languages and software engineering.

Let's get together

SPLASH 2022 aims to signify the reopening of the world and going to being able to meet your international colleagues in person. We are looking forward to seeing you in the Asia-Pacific region for the first time since the OOPSLA conference started back in 1987. We are co-locating with APLAS, as well as GPCE, SLE, DLS, SAS, Onward! Papers, Onward! Essays, Scala, Rebase, SPLASH-E and all the co-located Workshops and Events that make SPLASH the "go-to" conference of the year.
